Orvane

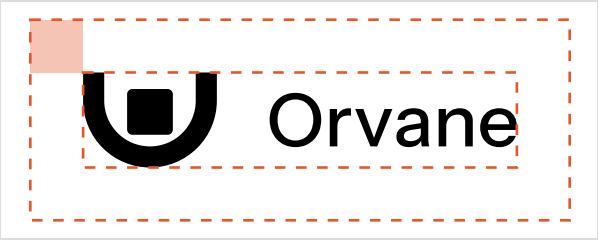

Brand sheet. Clear space x = the wordmark cap height. Minimum sizes: horizontal 120 px / 25 mm, stacked 160 px / 25 mm, mark 24 px / 6 mm, favicon 16 px.

Orvane's mark is a block held deep inside a cradle, below the rim, with room on every side: whatever you send stays held until it is set down at the other end. It is drawn as one even stroke and one square, so it stays calm at the size of a browser tab and still reads on a dark terminal, and it keeps clear of the hexagons, links and arrows the rest of the category uses. The amber is warm against a field of electric blue and purple, and it sits on a warm near-black for dark screens. The name is set in Instrument Sans, quiet and exact, with its letters spaced by eye.

LOGO SYSTEM

CLEAR SPACE

One x of clear space on every side, where x is the wordmark cap height. Never crop, outline, rotate, distort, add effects, recolour outside the roles, re-typeset, or place on busy backgrounds without the reversed or contained version.
