Orvane

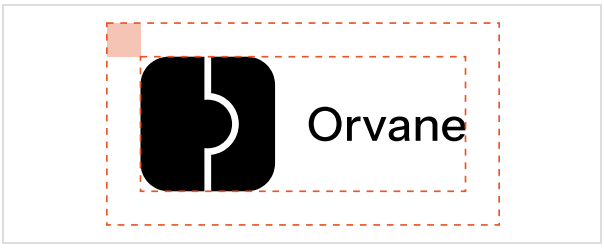

Brand sheet. Clear space x = the wordmark cap height. Minimum sizes: horizontal 120 px / 25 mm, stacked 160 px / 25 mm, mark 24 px / 6 mm, favicon 16 px.

Orvane's mark is a single tile cut in two, where a round tab on one half fits a notch in the other and nowhere else. It is the shape of a promise kept on both sides: the sender's copy and the receiver's copy of the same delivery, each holding what the other holds, with nothing loose in between. It sits still and closed, in a lamp-warm ochre that stands apart from the electric blues and purples of developer tooling, so it reads as calm and dependable on a dark terminal tab at 16 pixels as much as in a website header. The wordmark is set quietly in Instrument Sans so the name leads while the tile does the remembering.

LOGO SYSTEM

CLEAR SPACE

One x of clear space on every side, where x is the wordmark cap height. Never crop, outline, rotate, distort, add effects, recolour outside the roles, re-typeset, or place on busy backgrounds without the reversed or contained version.
