Clear Ledger

Brand sheet. Clear space x = the wordmark cap height. Minimum sizes: horizontal 120 px / 25 mm, stacked 160 px / 25 mm, mark 24 px / 6 mm, favicon 16 px.

When a bookkeeper reaches the bottom of a column and the total is right, they rule it off twice. Clear Ledger's L stands on that second line: the letter of the ledger itself, set in the same steady serif as the name and at the same weight, so the small icon on a phone and the name at the top of an invoice are plainly one thing. It asks nothing of you but a glance, the way the weekly number should, and the quiet green on warm paper keeps it apart from the bright blues and money greens of every finance app on the shelf. It is the one line under the sum that tells you where you stand.

LOGO SYSTEM

CLEAR SPACE

One x of clear space on every side, where x is the wordmark cap height. Never crop, outline, rotate, distort, add effects, recolour outside the roles, re-typeset, or place on busy backgrounds without the reversed or contained version.
