Orvane

Brand sheet. Clear space x = the wordmark cap height. Minimum sizes: horizontal 120 px / 25 mm, stacked 160 px / 25 mm, mark 24 px / 6 mm, favicon 16 px.

Orvane is set in Instrument Sans, a calm grotesque, with one change: the O sits flat on the line, the one letter that sits down and stays put. Everything else is left alone, so the name reads first, which a new name needs. On its own, the flat O is the favicon, the GitHub avatar and the app tile, drawn from the wordmark itself and heavy enough to hold at 16 px in a dark terminal. The colour is Lamp, a warm amber, kept for the icon tiles and accents, against the purple, black and electric blue of every other webhook service; the wordmark stays in Night on Paper, or Paper on Night, so it holds in one colour on a laptop sticker. It is meant to feel like the controller on the night shift: quiet, exact, and still there in the morning.

LOGO SYSTEM

CLEAR SPACE

One x of clear space on every side, where x is the wordmark cap height. Never crop, outline, rotate, distort, add effects, recolour outside the roles, re-typeset, or place on busy backgrounds without the reversed or contained version.
