Pip

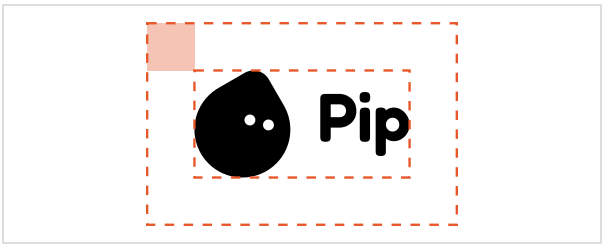

Brand sheet. Clear space x = the wordmark cap height. Minimum sizes: horizontal 120 px / 25 mm, stacked 160 px / 25 mm, mark 24 px / 6 mm, favicon 16 px.

Pip is a small friend who reads with your child, so the mark is exactly that: a soft, seed-shaped character that leans toward the word "Pip" and looks at it, the way a reading buddy leans in over the page. It has no big eyes, no sparkles and no rainbow. It is one warm coral shape with two quiet dots, simple enough to survive as an app icon, a sticker in one colour, or a 16-pixel favicon, and calm enough that a parent is happy to see it on the screen at bedtime. The name sits beside it in a round, friendly type in a warm cocoa, and on dark backgrounds the character brightens rather than flipping into a negative. Seen often enough, the little leaning friend should become the thing children look for when it is time to read.

LOGO SYSTEM

CLEAR SPACE

One x of clear space on every side, where x is the wordmark cap height. Never crop, outline, rotate, distort, add effects, recolour outside the roles, re-typeset, or place on busy backgrounds without the reversed or contained version.
