Clear Ledger

Brand sheet. Clear space x = the wordmark cap height. Minimum sizes: horizontal 120 px / 25 mm, stacked 160 px / 25 mm, mark 24 px / 6 mm, favicon 16 px.

When a bookkeeper finishes a column, they draw two lines under the total: the sum is done, and it is true. Clear Ledger's mark is that moment, one solid figure resting on a double rule, so the first thing you see is a number you can trust. It is drawn plainly, in a dark ledger-ink green on warm account-book paper, beside the name set in a calm book face with room between the words, because the whole point of Clear Ledger is that nothing is hidden or hurried. On an invoice, on a receipt from a black-and-white printer, or as a tiny icon on your phone, it says the same thing: here is where you stand this week.

LOGO SYSTEM

CLEAR SPACE

One x of clear space on every side, where x is the wordmark cap height. Never crop, outline, rotate, distort, add effects, recolour outside the roles, re-typeset, or place on busy backgrounds without the reversed or contained version.
