Orvane

Brand sheet. Clear space x = the wordmark cap height. Minimum sizes: horizontal 120 px / 25 mm, stacked 160 px / 25 mm, mark 24 px / 6 mm, favicon 16 px.

Orvane's mark is a cradle with a disc resting at the bottom of it. Whatever drops in stays there: the walls are high, the base is flat, and nothing rolls out. It is a quiet shape on purpose, steady rather than fast, because the promise is not speed but that every event arrives and both sides can see it did. The lamp amber is a warm light in a category of cold blues and greens, the colour of someone keeping watch through the night. The name sits beside it in a plain, carefully spaced sans, and the cradle on its own is what you see in a browser tab, on GitHub and on a laptop sticker.

LOGO SYSTEM

CLEAR SPACE

One x of clear space on every side, where x is the wordmark cap height. Never crop, outline, rotate, distort, add effects, recolour outside the roles, re-typeset, or place on busy backgrounds without the reversed or contained version.
