Pip

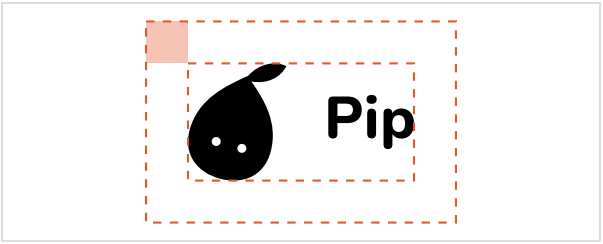

Brand sheet. Clear space x = the wordmark cap height. Minimum sizes: horizontal 120 px / 25 mm, stacked 160 px / 25 mm, mark 24 px / 6 mm, favicon 16 px.

Pip is a small seed with two low eyes, leaning in the way a friend leans over a page to read along. It is the character your child meets in the app, drawn simply enough to work as a sticker, an app icon or a 16 px browser tab: at small sizes its face is redrawn rather than shrunk, so it stays a friend and never turns into a blob. The coral sets it apart from the blue tiles and green owls of children's apps and stays warm without turning sweet, and the rounded "Pip" beside it is set plainly, so the name is easy for a five-year-old to read aloud.

LOGO SYSTEM

CLEAR SPACE

One x of clear space on every side, where x is the wordmark cap height. Never crop, outline, rotate, distort, add effects, recolour outside the roles, re-typeset, or place on busy backgrounds without the reversed or contained version.
